SUMMARY

Experienced Software Engineer, proficient in creating pixel-perfect cross-platform Web/Mobile Application, with a strong background in various programming languages, frameworks, and technologies, and a proven track record of optimising performance and enhancing user experience in diverse projects and professional roles.

WORK EXPERIENCE

React Native Developer | D3Maven (UAE)|Full-Time January, 2025 - April, 2026 Remote

- Led the end-to-end development of mobile applications using React Native, owning feature implementation, performance tuning, and UI responsiveness across Android and iOS platforms.
- Maintained a scalable codebase by building modular components and shared utilities, accelerating development velocity for new features and onboarding.
- Supported cross-platform efforts by contributing to web features using Next.js and TypeScript, ensuring consistent logic and UI patterns across both mobile and web.

React Native Developer| Tribapay (Lagos, Nigeria)|Full-Time May, 2024 - January, 2025 Remote

- Collaborated cross-functionally with product managers, designers, and backend engineers, translating high-level business requirements into technical deliverables aligned with business goals.
- Integrated RESTful APIs and third-party services for seamless financial transactions, KYC verification, and real-time data synchronization.
- Optimized mobile responsiveness and cross-browser compatibility, ensuring consistent UI/UX across diverse devices.
- Assisted in developing test plans for new functionality prior to release and assisted QA team during testing of releases when needed
- Participated in design discussions regarding application architecture, feature implementation, or any other relevant topic as required

React Native Developer | Tech Workstation (Lagos, Nigeria)|Contract March, 2024 - April 2024 Remote

- Developed front-end user interface using React Native and JavaScript for iOS and Android mobile applications.
- Utilize React Redux for transient App State..
- Debugging mobile applications and resolved issues, improving mobile Application stability.
- Implemented Offline First Approach with react-native-offline module.
- Improve the general Fitness of the Application, window load.

React Native Developer | *Spinel Consulting (Lagos, Nigeria)*|Full-Time *September, 2022 - March, 2025* Remote

- Coordinated with designers and back-end developers to create Web and Mobile applications with unique user interface.
- Worked together with other developers to implement new features in a way that is consistent with existing codebase conventions.
- Assisted in developing test plans for new functionality prior to release and assisted QA team during testing of releases when needed
- Participated in design discussions regarding application architecture, feature implementation, or any other relevant topic as required

React Native Developer | *Pluralcode Technologies(Lagos, Nigeria)*|Full-Time *January, 2022 - January, 2023* Hybrid

- Collaborated with the development team to constantly innovate Software functionality and design.
- Implemented features using Reactjs, React Native and Redux-Toolkit.
- Ensure the performance, quality and responsiveness of Software.
- Implemented unit tests to ensure code quality before submitting pull requests to GitHub Repository.
- Supported with designers on UI/UX design decisions and created mock-ups as needed

React Native Developer | *Skannet (Ibadan, Nigeria)*|Full-Time *September, 2020 - December 2021* On-Site

- Developed front-end user interface using Reactjs, React Native and JavaScript for Web, iOS and Android Applications.
- Writing clean code and maintainable Code with React Native..
- Contributed to app architecture discussions and provided advice on mobile technologies.
- Assisted in debugging mobile applications and resolved issues, improving mobile Application stability.

SKILLS

- | | | |
|-----------------|-----------------|------------|
| • React Native. | • Web3.js | • Agile |
| • Reactjs. | • Jest | • Expo |
| • Typescript. | • Git | • Flutter |
| • JavaScript. | • CI/CD | • Firebase |
| • Android | • Redux Toolkit | • Dart |
| • iOS | • REST APIs | • Next.js |

PROJECTS

- TribaPay Mobile App/ Website • Tribapay Business Mobile App/ Website • Eezee Data • Bammbly
- EeZee Data - Projects

CERTIFICATES / ACHIEVEMENTS

- Artificial Intelligence Intro(IBM), 2018 • Blockchain Intro(IBM), 2018 • Cloud Intro(IBM), 2018 • Coding Intro(IBM), 2018
- Cybersecurity Intro(IBM), 2018 • Data Science & Analytics Intro(IBM), 2018 • Internet of Things Intro(IBM), 2018

EDUCATION

Software Engineering | First Technical University(2017-2021)

Bachelor
